Great question: we are updating the briefing document we prepared for our call with Gina in late November and will share that with you asap.

Thanks, Douglas. I will put the DB Q to Anita and Peter ASAP and get back to you. Can you please send me any updated briefing materials you have, specifically how the issues raised at the last set of briefings were resolved, or not?

Much appreciated,
Holly

Subject: Updates on NDIC and Dewey Burdock

Holly: thanks for your time on the phone yesterday.

Here are a couple of updates:

NDIC: We sent them the draft oversight report on December 22nd and asked for comments by January 18th. The State reviewed our draft report but asked for more time to prepare their written comments. To inform their response, they would like to meet with us as a next step. Our management has agreed and we expect to travel to Bismarck in March.

Dewey Burdock: with the advent of the new administration, our Acting RA, Deb Thomas, asked that we contact our HQs counterparts to let you know we are prepared to proceed with Class III and V draft permit issuance. However, we would like HQs input on what additional coordination or internal discussion needs to occur first. Towards this end, could I ask you to communicate this question up your management chain on this Regional priority? If you prefer, I could also ask Darcy O'Connor to reach out to the OW front office. Let me know what communication approach you think might be most effective given what is going on in HQs during this very busy time.

Thanks!

Douglas
